

SIGAL MEDCO

Superior Quality Instruments

**DENTAL INSTRUMENTS
CATALOGUE**

www.sigalmedco.com

For over 10 years SIGAL MEDCO has been devoted to providing its customers with the highest quality Surgical, Dental, Beauty and Podiatry Instruments.

SIGAL MEDCO is committed to provide you with the highest quality instruments. We are the original equipment manufacturer (OEM) for all above mention instruments.

Our production depth covers thousands of instruments ranging from the typical instruments use in clinic to sophisticated instruments required during surgeries. We deem, however, pertinent to submit further that the range and scope of our production activities is not limited to our production literature. We can produce instruments even if not depicted in our online catalogues. We receive samples, photos or references from the world-renowned companies catalogues.

QUALITY/ INNOVATION

At SIGAL MEDCO the quality is set in motion through motivated specifications planning by trained technical persons. The computer added design and imaging provide visual instruments a set configuration. This simplifies each aspect of instruments manufacturing.

QUALITY CERTIFICATIONS:

We are ISO 9001:2015, ISO 13485:2016, CE MARK, CGMP approved.

COMMITMENT:

Our commitment is to meet the changing needs of healthcare systems and to lead the industry by providing quality surgical instruments and dental instruments at competitive price.

We understand the diverse needs of our customers and know that quality along with delivery time are the most important and common requirements of our customers from both segments. This Realization allows us to serve our customers in the most efficient and cost effective manners.

Wish you all the Best.

SIGAL MEDCO Team

SIX SIGMA COMPANY

SIGAL MEDCO is a company believe in six-sigma mythology of quality control.

Our team consist of six sigma black belts who help control process variation.

FORGING TO PACKING

From forging to packing each step is controled by our trained workers to make sure that each instruments manufactured is reflecting Hilmed's craftsmanship and committments.

LATEST TECHNOLOGIES

Our production departments are well equipped with latest machines range from latest CNC machines, laser welding and NC machines to simple drilling machines to get the ultimate quality and process control.

Universal curettes are designed for easy adaptation on all tooth surfaces (thus the name "universal").

The blade of a universal curette has a round toe and back, and two cutting edges for scaling, making it an efficient design for scaling the entire mouth.
